

# READY-MADE BADGES

There's more than one way to buy a badge.  
Ready-made Badges save you time and money.  
Custom Badges keep all your customers satisfied no matter how specialized their badge needs.

## Classic Gravoply Badges

Gravoply Badges feature square corners and bevelled edges. Metal fasteners come attached. All fasteners are made of nickel-plated brass so they will not tarnish and discolour fabrics.  
(See page 63 Classic Badge Hardware).

If you do not find the specific badge type you are looking for, please see page 13 for more details on our full badge fabrication
